TOTAL RECERTIFICATION CREDITS _____

MASSACHUSETTS CERTIFIED LANDSCAPE PROFESSIONAL RECERTIFICATION OVERVIEW

MCLP certification is valid for one calendar year. During that time you must accumulate 10 recertification credits based on the guidelines below or you are required to retake, and pass, the certification exam.

There are numerous ways to obtain recertification credits during the course of a year. Many of the recertification opportunities parallel other certification and licensing programs. Association membership, industry seminars, community service, and attendance at New England Grows are a few of the ways MCLPs may obtain credit.

All MCLPs are required to obtain ten (10) recertification credits within the calendar year (January 1 – December 31). Accumulated credits may NOT be carried over from year to year. *The year you first pass the MCLP exam is not a complete calendar year, so it is considered a grace period. This is the only instance where credits obtained in a previous calendar year may be used the following year for recertification.*

The MCLP recertification system requires the completion of an annual Recertification Tally Sheet (RTS). The RTS must be returned to the MLP office no later than February 15th of the new calendar year. Once you have satisfied the minimum number of credits, you are welcome and encouraged to submit the form any time during the year.

New Recertification Tally Sheets will be mailed to all MCLPs annually. You may also download the form from our website at www.mlp-mclp.org.

The program operates on the honor system. Proof of attendance is not required at the time the Recertification Tally Sheet is submitted. **Random audits are conducted on an annual basis by the MCLP Committee, so, accurate record keeping and proof of attendance are the responsibility of the individual MCLP.**

If you are audited in a given year, then you will be required to submit proof of attendance or participation for the credit claimed on your Recertification Tally Sheet.

The annual MCLP renewal fee is included in the MLP dues payment for members in good standing. Non-members pay an annual administration fee of \$55.00 to maintain their MCLP designation.

If the annual recertification requirement is not met by February 15th of any given year, then the MCLP designation will be revoked. An individual whose certification is revoked may elect to re-take the MCLP examination at the regular fee and may renew their status upon successful completion of the examination.

2010 MCLP Committee:

- Michael Kelley, MCLP, Chair
- Angie Cerruti, MCLP
- Douglas McDuff, MCA, MCLP
- Mary Sullivan, MCLP

The MCLP recertification system is an evolving process and we welcome input from everyone. Please feel free to direct any comments or questions to:

Since its inception in 1993, the MCLP Program has educated hundreds of landscape service providers in the Commonwealth. Given the ever-changing nature of landscape management services and the demands of the consuming public, the MCLP Committee oversees the recertification of MCLPs annually. Continued education is a key component of this program. MCLPs are required to obtain ten (10) recertification credits per calendar year in order to maintain their MCLP status. Proof of attendance and/or membership may be required at an annual MCLP audit.

I attest that the credits reflected on this Recertification Tally Sheet are accurate and correct.
